SLEEPING & LAYOUT

Sleeps	Not published by Forest River
Slides	1
Entries	1
Awnings	1 (15')
Factory layout	front bedroom and rear bathroom

DATA COMPLETENESS -- 96% — exterior length, height and width, all three tank capacities, awning size, slide and entry counts and the layout descriptor are the Forest River factory figures, captured from the roster block, the per-plan factory detail page and the 2026 brochure and cross-checked between them; dry weight, GVWR, CCC and dry tongue are published per plan and dry plus CCC equals GVWR exactly. Forest River publishes no sleeping capacity, axle count, tire size or MSRP for this line in any channel, so those four fields are absent rather than estimated

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
