Tires	Not published by Forest River

DATA COMPLETENESS -- 85% — dry weight, cargo capacity, dry tongue weight, all three exterior dimensions and all three tank capacities are the Forest River factory figures for 2026, captured twice - once from the line roster block and once from the per-plan factory detail page - and cross-checked field by field before publication, with GVWR published per plan and dry weight plus cargo capacity equal to it exactly. Sleeping capacity, axle count, tire size and MSRP are not published in this channel and are counted as missing rather than filled

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
