**DATA COMPLETENESS** -- 94% — body specs, weights, tanks and awning verified against the Forest River factory floorplan detail page (GVWR printed; UVW + CCC = GVWR exactly) and the factory brand-roster weight table; sleeps, axle class and interior height are RVUSA catalog fields; Forest River publishes no MSRP for the family — factory weights used; the RVUSA GVWR for this plan is badly stale (logged)

\* Flagged value: not separately published by the manufacturer, or carries a logged source note -- see the full entry online for detail.

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
