Furnace	40,000 BTU

DATA COMPLETENESS -- 95% — primary specs, weights, tanks, axle ratings and Base MSRP verified against the Heartland factory floorplan page and cross-checked against the RVUSA structured record and the 2026 brochure; the printed GVWR equals dry weight plus cargo capacity exactly; this plan was respec'd mid-cycle (stretch); stale early-print records are logged and the current factory set — brochure- and dealer-confirmed — is used

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
