Sleeps	6
Slides	Not published by source
Awning	17 ft
Hitch type	Fifth-wheel (in-bed)

DATA COMPLETENESS -- 97% — every dimension, weight, tank and appliance figure on this page is the Heartland factory value for its own MY2027 floorplan page; GVWR, dry, hitch and cargo capacity are all published per plan and dry plus cargo equals GVWR exactly, so nothing is derived; garage length is omitted because Heartland publishes none for any Cyclone; slide count is omitted because the factory field is unpopulated and appears on no other surface of the page Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
