DATA COMPLETENESS -- 72% — dry weight, cargo capacity, tongue weight, all three exterior dimensions and all three tank capacities are the figures Lance publishes in its own 2026 brochure for this line, each one read back against that document's text before publication, with GVWR published per plan and dry weight plus cargo capacity equal to it exactly. Tire size, axle count and MSRP are not printed in the brochure's specification blocks and are counted as missing; sleeping capacity is printed as a min./opt. max. pair and is not counted as a single figure

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
