SLEEPING & LAYOUT

Sleeps	6
Slides	3
Awnings	2 · 18 ft + 10 ft (second awning optional)
Hitch type	Fifth-wheel (in-bed)
Primary bed	60 X 80 Queen Bed

DATA COMPLETENESS -- 96% — every dimension, weight, tank, appliance and garage figure on this page is the Grand Design factory value for its own MY2027 floorplan page; payload is the published GVWR minus the published UVW, the same arithmetic the trade catalogs use; the standard solar package carries no panel wattage here because Grand Design's own G-Class fifth-wheel page states two different ratings for it - 175 watts in its prose and 330 watts in its package heading - and no third factory surface breaks the tie, so asserting either number would be a guess

* Flagged value: not separately published by the manufacturer, or carries a logged source note -- see the full entry online for detail.

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
