A/C	1 unit · 15K BTU Coleman Mach Quiet Series ducted A/C w/ heat pump
Water heater	On-demand tankless

DATA COMPLETENESS -- 95% — exterior length and height, all three tanks, refrigerator, slides, awnings, A/C, I-beam and leveling verified against RVUSA structured records; dry weight is the published Keystone/dealer figure (its published pin equals the RVUSA pin exactly), CCC is the RVUSA value and GVWR is their sum; note that a widely republished 16,000 GVWR is stale and does not reconcile with the current cargo capacity; exterior width and interior height are omitted; street price varies by dealer

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
