SLEEPING & LAYOUT

Sleeps	10
Slides	4
Entries	1
Awnings	2 (10'8" & 21')
Primary bed	Camper King

DATA COMPLETENESS -- 95% — body specs, UVW, CCC and pin all verified against Forest River factory records; GVWR is derived as UVW plus CCC per the manufacturer's own definition; the numeric per-axle GAWR is not separately published for Sabre; sleeps is dealer-typical and no MSRP placard is published, so the price chip is omitted

* Flagged value: not separately published by the manufacturer, or carries a logged source note -- see the full entry online for detail.

Independent reference -- CamperTrailers.com is not affiliated with the manufacturer. Figures are base-unit as published; options change weights. Always confirm against the unit's certification / weight label and your tow vehicle's door-jamb placard before towing.
